Information about the Area

The Sawtooth National Forest is 2.1 million acres and divided into four management units. Elevations range from 4,513 to 12,009 feet above sea level offering a great variety of topography and vegetation. The Forest extends from northern Utah to the Salmon River country in Idaho. The Forest contains four downhill ski areas, including the world-premiere Bald Mountain Ski Area at Sun Valley. At 217,088 acres, the Sawtooth Wilderness offers 250 miles of trails, 42 major peaks over 10,000 feet and 300 lakes.

The city of Twin Falls is located in south/central Idaho. Twin Falls is a two-hour drive from Boise (the state capitol) to the west, an hour and a half from Pocatello to the east, and a 3-½ hour drive south to Salt Lake City, Utah. The City is located at a high-desert elevation of 3,745 feet above sea level and sits on the south rim of the 500-foot deep Snake River Canyon.

The population of Twin Falls is approximately 36,000. Residents of the City enjoy a very distinct four-season climate. Daytime highs in July are about 91 degrees with overnight lows of 54. January temperatures typically range from about 37 in the daytime to 19 overnight. Annual precipitation comes in the form of an average of 17 inches of snow and 9 inches of rain. Residents enjoy sunny skies nearly 300 days annually.

Please visit www.twinfallschamber.com for information on the duty location of Twin Falls, ID.

Outreach Response

Parties who are potentially interested in this position are encouraged to fill out the brief form attached below and submit to mkrupski@fs.fed.us via email by January 2nd, 2015. It is also recommended that you include a brief statement and/or resume that describes your related experience. Interested applicants, or those desiring further information about the position, can contact Mike Krupski, mkrupski@fs.fed.us, 208-737-3265
